

A blue door with a brass handle, keyhole, and mail slot. The door has a classic six-panel design with two panels at the top and two at the bottom. The text is centered on the door.

**MOST OPIOID OVERDOSES
HAPPEN AT HOME**

Bring Naloxone Home

Naloxone stops an opioid overdose and saves lives.

HOW TO ADMINISTER NALOXONE NASAL SPRAY:

STEP 1

If you suspect an opioid overdose, dial 911.

STEP 2

Lie recipient down, with head tilted back.

STEP 3

Insert nozzle into nostril and press plunger firmly.

Administer second dose if there is no response within 3-5 minutes.
